What Are Cookies?

Cookies are small text files stored on your device when you visit a website. These files allow the website to recognize your device and store information about your preferences, login status, and browsing behavior. Cookies improve your experience by providing personalized services and helping us understand how you use our site.

Types of Cookies We Use

1. Strictly Necessary Cookies

These cookies are essential for the basic functionality of our website, such as logging in or processing payments. Without them, some parts of the site may not work properly.

2. Performance and Analytics Cookies

We use these cookies to collect information about how visitors interact with our website. This helps us improve our website's performance and understand what content is most useful. These cookies collect anonymized data and do not directly identify you.
